

Webinar Series Introduction

22 March 2023

Dusti Gallagher
Project Manager

INTERNATIONAL ALLIANCE FOR PHYTOBIOMERES RESEARCH

*A nonprofit consortium of industry,
academic, and governmental
scientists*

Phytobiomes Alliance Sponsors

Phytobiomes: Complex Systems of Plant-based Agriculture

Phytobiomes Alliance Vision

By 2050, all farmers have the ability to use predictive and prescriptive analytics based on geophysical and biological conditions for determining the best combination of crops, management practices, and inputs for a specific field in a given year.

Phytobiomes Alliance Next Webinar: 26 April

- **Scientific collaboration in interdisciplinary and international settings**
- **Presenters:**
 - Anne Mook, Senior Team Scientist, Institute for Research in the Social Sciences, Colorado State University, USA
 - Jeni Cross, Director, Institute for Research in the Social Sciences, Colorado State University, USA
- Registration: <https://register.gotowebinar.com/register/25525592286527836>

Our webinar series: <https://phytobiomesalliance.org/webinars/>

Phytobiomes Alliance Workshops

- **28 March: “One Health, Phytobiomes and Animal Science”**
British Society of Animal Science (BSAS) Conference 2023
Birmingham, United Kingdom
- **20 August: “Phytobiomes Research for Plant Health”**
“Harnessing Culture Collections for Improved Plant Health”
International Congress of Plant Pathology (ICPP) 2023
Lyon, France
